Introduction

This finding aid lists the Archives of Ontario Library's holdings of the *Journals* of the Legislative Assemblies of the Province of Upper Canada, the Province of Canada, and the Province of Ontario, from 1792 to present.

This finding aid is organized by date. It lists what is available in print and on microfilm at the Archives of Ontario, and in electronic format on the Internet.

There is also a comprehensive list of indexes in print, on microfilm and on the Internet.

What are the Journals?

The *Journals* of the Legislative Assembly are the permanent official record of the proceedings of the Legislative Assembly. They record the activities of the House on a daily basis, including motions, voting results, the introduction and status of bills, petitions, and a list of reports tabled and presented to the House (Sessional papers). As such, they act as the minutes of the meetings of the House.

The *Journals* are derived from the *Votes and Proceedings*, which are issued on a daily basis while the House is in session. At the end of each session, the *Votes and Proceedings* are bound together, and become the *Journals*.

Verbatim discussions of topics in the *Journals* are recorded in the *Debates of the Legislative Assembly*, also known as *Hansard*. See Library Finding Aid L 21 for information about the *Debates*.

The terms "Parliament" and "Legislature" mean the same thing, and are used in different periods of time.

Interlibrary Loan

The microfilm listed in this finding aid is not available through Inter-library loan.

The *Journals* may also be available in print or microfilm at major academic and public libraries across Canada and the United States.

On *Sessional Papers of Ontario* Self-service Microfilm

Surviving *Journals*

The surviving *Journals* for this period are hand-written manuscripts. They have been transcribed and were printed in the annual *Reports of the Bureau of Archives of Ontario*, between 1909 and 1914. The transcriptions were from copies held at the Library of Parliament in Ottawa.

These Bureau of Archives *Reports* are available on *Sessional Papers of Ontario* microfilm for the year that they were presented to the Assembly. Most annual reports are presented to the House in the year following the year that they are reporting on. These *Sessional Papers* have been microfilmed.

Use the table below to determine which reel of *Sessional Papers* microfilm to use. *Note the **Sessional paper number***, because more than one *Sessional Paper* is on each reel of film. All microfilm listed below is available in the Archives of Ontario Main Reading Room, and is self-service.

Missing *Journals*

The *Journal* for the year 1794 has only partly survived. The *Journals* for the years 1795, 1796, 1797, 1809, 1813 and 1815 are not known to exist.

The *Journals* are available on the website of the [Legislative Assembly of Ontario](#) in a section called “Debates and Proceedings.” The term “*Votes and Proceeding*” is used, instead of *Journals*. The *Votes and Proceedings* are the daily version of the *Journals*.

The current session appears at the top of the web page. For previous sessions, scroll down to the “Previous Sessions” section.

Indexing is by date only on the Internet.

The Archives of Ontario Library also continues to receive print copies of the *Journals*, which are bound at the end of each Session.
