

# Ontario Sessional Papers

## INTRODUCTION

This finding aid is a guide to using the *Sessional Papers of the Province of Ontario* from 1867 to the present.

## What Are Sessional Papers?

Sessional Papers are reports and documents which are tabled in the Legislative Assembly during a legislative session. These Papers are produced by the government, by government agencies and by the members of the Assembly for the information of the members. They can include such types of material as departmental and Ministers' annual reports and financial statements, public accounts, Royal Commission and task force reports, standing and select committee reports, election returns, returns to written questions, petitions and background papers or compendia accompanying Bills.

From 1868/69 to 1948 "printed" Sessional Papers were bound together in a series of volumes entitled *Sessional Papers of the Province of Ontario*. From 1948 to the present, if printed, they are issued only as separate government publications.

## FINDING SESSIONAL PAPERS

### First Search BIBLiON

Before doing any further Sessional Paper research, search for the title of the Paper in BIBLiON, the Library catalogue. [Click here to access BIBLiON](#). Many Sessional Papers are also published separately as government publications, including most departmental and Ministers' annual reports. Request the title as instructed in BIBLiON.

### Indexes

If the title is not found in BIBLiON, the indexes will have to be consulted. To find a specific Sessional Paper, the year of the *legislative session* in which the Paper was tabled, and the *Sessional Paper number* is needed.

### 1867 to 1927:

Consult the *General Index to the Journals and Sessional Papers of the Legislative Assembly, Ontario*. These indexes are available via the Reading Room. There are 6 volumes covering the following periods: 1867-1888, 1889-1900, 1901-1912, 1913-1920, 1921-1924, and 1925-1927. [Click here to also access them in electronic format, and on microfilm](#). See Appendix A for a microfilm reel listing.

## **1928 to the Present:**

After 1927, the Sessional Papers are indexed only in the *Journals of the Legislative Assembly*. The index is in the front of each *Journal* volume. For more information about using the *Journals*, [click here to access Library Finding Aid L 20](#).

## **Reading the Indexes**

Each index volume has 2 indexes. An entry in either section will provide the year the Paper was tabled, and the Sessional Paper number or numbers.

The first index is a subject index to the Journals and includes other material related to the subject of interest, including Sessional Papers. See below on how to read one of these entries. The second index is a Sessional Paper subject index. The entries here are self-explanatory.

### ***How to Read an Index Entry From the First Index***

Example entry:

“2. Return ordered, of correspondence referring to the widening or deepening of the channel of the River at the outlet of Lake Couchiching, etc. (1882), 30. Presented, 120. (*Sessional Papers No. 57.*) Printed.”

- “(1882)” refers to the *year of the legislative session* in which Sessional Paper no. 57 was tabled. Sessional Paper numbering begins at 1 each legislative session.
- The numbers “30” and “120” refer to page numbers in the volume of the *Journal of the Legislative Assembly* for 1882. The page references are about what happened in the Legislative Assembly relating to the Paper.
- “*Printed*” means that the Sessional Paper was included in the bound volumes of the Sessional Papers for that Session. Many of these are also separately published government publications.
- “*Unprinted*” or “*Not Printed*” means that a particular Paper was not included in the bound Sessional Paper volumes. It will also not be on the microfilm, and it is very unlikely that it was published as a separate government publication. Note: The 1889-1900 General Index sometimes erroneously reports that a Paper is “not printed”. Check also the microfilmed table of contents for the year in question to verify whether a Paper has actually been printed, and therefore appears on the microfilm.

## **Once the Year of the Session and Sessional Paper Number Is Known**

### ***1867 to 1923:***

Consult the B 97 Self-service microfilm reel listings below to find the correct reel of microfilm.

**1924 to 1948:**

Available from the Library. Request with the following information:

- Call Number: Govt Doc Leg S
- Title: Ontario Sessional Papers [+ Year]
- Include the Sessional Paper number in the title area of your request.

**1948 to the Present:**

[Click here to search BIBLiON and see if the Library has a separately published copy of the title or report.](#) Individual Sessional Papers can also be found in government record series RG 49-19. [Click here to access series RG 49-19](#), or consult with the Archives of Ontario’s Reference staff for more information about using RG 49-19.

**‘Unprinted’ or ‘Not Printed’ Papers, 1867 to the Present**

The individual Sessional Papers are also found in government record series RG 49-19, [which you can access by clicking here](#). However, many unprinted Sessional Papers were lost prior to their transfer to the Archives of Ontario. Consult with the Archives of Ontario’s Reference staff for more information about using RG 49-19. “Unprinted” or “Not printed” Sessional Papers have not been microfilmed, nor were they published separately.

**Interlibrary Loan**

This microfilm is *not* available through interlibrary loan from the Archives of Ontario. Other major academic, public and law school libraries in Canada may have the materials described in this finding aid, including the series of microfilm. Some libraries in the United States, Great Britain and Australia have Ontario Sessional Papers. Check with your local library.
