## VIA ELECTRONIC MAIL

The Honourable Dennis R. O'Connor  
Commissioner  
The Walkerton Inquiry  
180 Dundas Street West, 22nd Floor  
Toronto, Ontario  
M5G 1Z8

Dear Commissioner O'Connor:

### **Re: Walkerton Inquiry - Part II - Ontario Water Works Association ("OWWA") and Ontario Municipal Water Association ("OMWA") - Final Submissions**

On behalf of the OWWA/OMWA, I am attaching our final submissions on Part II of the Inquiry. These submissions constitute responses to most of the additional questions the Commission issued by way of notices just prior to each Public Hearing in Part II of the Inquiry. The submissions also contain responses to other issues that arose during the course of the Public Hearings that were in addition to the lists of questions in the Commission's notices. Finally, these submissions consolidate the recommendations from OWWA/OMWA reports filed with the Commission between June and September 2001.

Should the Commission have any questions on these submissions, we would be pleased to provide answers to the best of our abilities at this stage of the process.

With the Commission's indulgence, we would ask that these submissions be placed on the Commission website.

I trust the above is satisfactory.

Yours truly,

"Joseph Castrilli"

Joseph F. Castrilli

Encl.
